1. The following Terms and Conditions (the “T&Cs”) apply to Trading Bonus offered by FS INTERNATIONAL LTD, registered under the Laws of Vanuatu with registration number 700227 and authorized by the Vanuatu Financial Services Commission (VFSC), located at Law Partners House, Kumul Highway, Port Vila, Vanuatu (the "Company").

2. By opting for the Trading Bonus, the Client acknowledges that they have read and agreed to be bound by the T&Cs which must be read in conjunction with the Company’s Client Agreement and policies available on its website www.fxglobe.com. The Client must stay informed and visit the website of the Company for updates.

3. The Trading Bonus offered by the Company includes the following three types of Bonuses: Losable Bonus, Non-Losable Bonus and Turbo Bonus.

3.1. Losable Bonus

A Losable Bonus is a promotional credit allocated to the Client’s trading account. It is included in the account’s Equity and available margin and may be used to absorb trading losses after the Client’s deposited funds have been depleted.

The following conditions apply:

- The Losable Bonus forms part of the account’s Equity and available margin.
- The Losable Bonus may support open positions and participate in trading losses.
- The Losable Bonus is not withdrawable and may not be transferred between accounts.
- The Losable Bonus amount is displayed as Credit and remains fixed, as it is not progressively reduced by trading losses. Trading losses are reflected in the account Balance and Equity.
- Once the Client’s Balance reaches zero, the Client may continue trading using the Equity supported by the Losable Bonus.
- Where the account Equity reaches zero or the applicable stop-out level, the Losable Bonus shall cease to support the account, and any remaining open positions may be liquidated in accordance with the applicable margin, stop-out and risk-management rules.
- The Losable Bonus shall be automatically removed upon submission of a withdrawal request. Any open positions may be liquidated where required under the applicable margin, stop-out and risk-management rules.

Example
Initial Account Status:
Balance: USD 1,000
Losable Bonus: USD 1,000
Equity: USD 2,000

After trading losses of USD 500:

www.fxglobe.com

Balance: USD 500
Losable Bonus: USD 1,000
Equity: USD 1,500

After further trading losses of USD 500:
Balance: USD 0
Losable Bonus: USD 1,000
Equity: USD 1,000
Because the Bonus is Losable, the Client may continue trading using the remaining USD 1,000 of Equity.

After further trading losses of USD 500:
Balance: USD -500
Losable Bonus: USD 1,000
Equity: USD 500

After further trading losses of USD 250:
Balance: USD -750
Losable Bonus: USD 1,000
Equity: USD 250

After further trading losses of USD 250:
Balance: USD -1,000
Losable Bonus: USD 1,000
Equity: USD 0

At this point, the Losable Bonus no longer supports the account, and any remaining open positions are subject to liquidation in accordance with the applicable margin, stop-out and risk-management rules.

3.2. Non-Losable Bonus

A Non-Losable Bonus is a promotional credit allocated to the Client's trading account. It is included in the account's Equity and available margin but does not absorb trading losses after the Client's deposited funds have been depleted.

The following conditions apply:

- The Non-Losable Bonus forms part of the account's Equity and available margin while the Client maintains a positive Balance.
- Trading losses are deducted from the Client's Balance and do not progressively reduce the displayed Credit amount.
- The displayed Credit amount remains fixed until the Non-Losable Bonus is revoked.

- The Non-Losable Bonus is not withdrawable and may not be transferred between accounts.
- Once the Client's Balance reaches zero as a result of trading losses, the Non-Losable Bonus shall be automatically removed.
- Following removal of the Non-Losable Bonus, any remaining open positions shall be liquidated in accordance with the applicable margin, stop-out and risk-management rules.
- The Non-Losable Bonus shall be automatically removed upon submission of a withdrawal request. Any open positions may be liquidated where required under the applicable margin, stop-out and risk-management rules.

Example
Initial Account Status:
Balance: USD 1,000
Non-Losable Bonus: USD 1,000
Equity: USD 2,000

After trading losses of USD 500:
Balance: USD 500
Non-Losable Bonus: USD 1,000
Equity: USD 1,500

After further trading losses of USD 500:
Balance: USD 0
Non-Losable Bonus: USD 1,000
Equity: USD 1,000
Because the Bonus is Non-Losable, it is automatically removed once the Client's Balance reaches zero.

After removal of the Non-Losable Bonus:
Balance: USD 0
Non-Losable Bonus: USD 0
Equity: USD 0
Open positions: liquidated in accordance with the applicable margin, stop-out and risk-management rules.
